

Liquor Modernization Progress

Monday, August 31, 2015
LMP Progress Report

- The Division of Liquor Control (DLC) welcomes new Chief Operating Officer Harry Knight. Mr. Knight brings a wealth of private sector experience to this new position, including supply chain management and operational leadership in the brewing and supermarket industries. He officially joins DLC on September 8th.
- DLC hosted a conference call to familiarize Agencies with the new rush order process which takes effect Monday, August 31st. Audio recording of the call has been posted to the Agency training website along with additional training materials.

- September shelf tags mailed to all Agencies.

This Week's Focus

The following activities have been identified as the top priorities for the week.

The System:

- Continued evaluation of the system to identify opportunities for further improvements.

Business Processes:

- Continue to develop a Holiday readiness plan (Oct. – Dec.), including strategies to engage stakeholders and provide training and tools to help with the rush of the Holiday season.
- Final testing of Vendor Portal to ensure system stability and integrity.

Communications & Training:

- Provide stakeholders with schedule for warehouse audits.
- The LMP Hot List will no longer accompany the weekly Progress Report, but will continue to be updated and posted to the Agency training website available to all stakeholders:
