*Recent Activity & Stakeholder Communications:*

➤ **200ML Code Conversion from E to H:**

The 200ML “E” codes will no longer be available effective January 1, 2016. Agencies must change 200ML “E” codes to “H” codes in their register as you will no longer be able to request or record sales for 200ML “E” codes. The Agency Portal will no longer recognize the old “E” codes after this date. These products will be labeled under “H” codes in the system moving forward. The following link provides the conversion information for Agencies to make the appropriate changes in their register: <https://apps.com.ohio.gov/liqr/LMPAgencyTraining/Documents/200MLconversionEtoHcode.pdf>

➤ **Account Sweeps:**

Agents need to be aware that the account sweeps on Monday, December 7<sup>th</sup> included sales from Thursday, Friday, AND Saturday, instead of just Thursday and Friday. The sweeps made on Tuesday, December 8<sup>th</sup> only included sales from Sunday, December 6<sup>th</sup>. If any sales were returned NSF due to the extra day being pulled, Liquor Control re-swept them the next business day.

➤ **November Sales Reporting:**

Liquor Control closed the Agency sales reporting period for November. This includes all A3A permit holders who are submitting sales through the Agency Portal. If there are any corrections/adjustments that need to be made to November sales, they will need to be made using a sale date in the current month.
